

COVID-19

eis

Scotland's largest
education trade union

- Ventilation is a **key** mitigation against the spread of Covid
- A **risk assessment** should be in place to ensure all teaching areas are adequately ventilated
- Measures should be taken to ensure **thermal comfort** in classes, also!

Ventilation

www.eis.org.uk/Health-And-Safety/COVID19

If you're concerned about ventilation in the workplace, please contact your EIS Rep or EIS Local Association Secretary
