

NJNC Circular 02/17

Pay Harmonisation and Job Matching for Existing Promoted Lecturing Posts

This Circular implements the pay harmonisation and job matching for promoted lecturers agreed in principle by the National Joint Negotiating Committee (NJNC) – Side Table Lecturers (STL) in March 2017 that is given effect by paragraph 5 of the May 2017 NJNC Agreement.

The NJNC has agreed that pay harmonisation for promoted lecturers will take place using the following principles:

- a. Matching should be done against nationally agreed job profiles/families, at a local level. These are set out in Appendix 1.
- b. Judgements on matching need to be informed, structured and consistent and carried out by local college management and local EIS representatives.
- c. Matching is about job content, not personal capability.
- d. The matching should focus on matching job families within existing college structures. It will not be used to change the duties of existing staff.
- e. The job matching process needs to be equality proofed and subject to an Equality Impact Assessment carried out through the local JNC.
- f. Not all colleges will have posts at all three levels.
- g. The job matching process and first payments should be completed by 31 October 2017.
- h. Any additional facilities time for the job matching process will be a matter for local agreement.

Steps in Job Matching

- i. The local JNC (or panel of the local JNC) will agree the role profiles and the jobs to be matched.
- j. The local JNC will agree the mechanism for recording the decision and reasons, ensuring consistency and fairness. College management will present job matching proposals based on the current job profiles, to the local EIS representatives and the outcome will be a joint exercise conducted through the local JNC arrangements.
- k. Discussions and outcomes on the matching process should be recorded at local level.
- l. The matching appeals mechanism should be agreed by the college management and EIS representatives at the college, with input at national level if necessary.
- m. In the unlikely event that local agreement cannot be reached by 31st October 2017, the matching process with all the relevant job descriptions and written submissions from local management and local EIS representatives should be referred to the NJNC – STL, for consideration by an appropriate sub-committee. This national mechanism of last resort is not an appeals mechanism for individuals.

Matching the Job

- n. Matching is about the role not the current grade or salary level of the post being matched, nor is it about the qualifications and experience which would be required for the post should it be advertised.
- o. Comparisons should be made between the current job description and requirements of the current role against the role profile criteria for promoted posts. It is recognized that existing role profiles may not align with every role profile criterion and posts should be matched on substantive points, taking account of local operational requirements and college size.
- p. The job matching process should consider a line of best fit across all promoted roles

Pay Harmonisation

National Pay Scale for Promoted Lecturers

The NJNC has agreed the following national pay points for promoted lecturers.

Promoted Post – National Level	National Pay Scale for Promoted Lecturers (fully effective from 1 April 2019)
Level 1	£43,850
Level 2	£46,925
Level 3	£50,000

This is not an incremental pay scale and promoted lecturers will be matched to one of the three pay points.

The first harmonisation payment is payable from 1st April 2017 and will be based on 25% of the difference between the new matched salary point and the current salary of the promoted lecturer as at 31st March 2017. This is done by applying the same mechanism as unpromoted lecturers (see NJNC Circular 01/17), including the first harmonisation payment with back-payment to April 2017.

The second annual installment of 25% pay differential is due on 1st April 2018 and the final annual installment of 50% of the pay differential on 1st April 2019.

Clarification

If any clarification is sought this should be directed to the joint secretaries:

john.gribben@collegesscotland.ac.uk or dbelsey@eis.org.uk

A joint response will be provided to all requests for clarification.
